

## THE MOUNT VINEYARD WINE

The Mount has been producing wines since 2008 and started welcoming guests in 2016.

The unique micro-climate of the Darent Valley produces vintages that will tell you a story that you cannot find anywhere else. Just a stone's throw from London.

Although evidence suggests wine was produced in the valley during Roman times, the first vines that were introduced to The Mount was when 13,000 vines were planted in 2004. There were seven different varieties planted across the estate;

Pinot Noir, Rondo, Regent, Bacchus,  
Seyval Blanc, Phoenix and Siegerrebe.

In 2011, Simon Greenwood bought the property and promptly added two acres of Chardonnay taking The Mount to 8 grape varieties and 10 acres of vines.

We welcome you to discover The Mount Vineyard.

The nose is very elegant and subtly scented with floral notes, dry white fruits and spices, and has a slightly mineral note in the background. It is very elegant in the mouth, creamy but very fresh at the same time.

An exquisite acidity is induced by the cold nightly mountain breezes.
